

## The Seattle School of Homeopathy

*invites you to an event supporting the most important project in U.S. homeopathy in over a century*

# HOMEOPATHIC MEDICINES FROM THE DESERT KINGDOM

### *A Seminar with Todd Rowe, MD, DHT, CCH*

A Benefit for The American Medical College of Homeopathy (AMCH)

June 6-7, 2009; 9-5 pm daily

St. Edwards State Park, Heritage Building  
Kenmore, WA (adjacent to Bastyr University)

*Study powerful new remedies with a wonderful teacher. See old friends. Donate to a great cause!*

AMCH, the first full time, 4-year homeopathic medical school in the US in over a century, is scheduled to open to its doors in 2011. Help make this long-awaited dream a reality-- 100 % of net profits from your tuition will go directly to the AMCH. 12 hours Homeopathic and Naturopathic CE available.

---

Nancy Herrick writes, "Todd Rowe is a Renaissance man in the world of alternative medicine. Not only is he a master homeopath, but he has produced a collection of provings from the heart of the desert that will influence homeopaths for hundreds of years. He is the guiding force behind the American College of Homeopathy—which will transform the course of homeopathic medicine in the USA and the world. I hope that homeopaths will support Todd Rowe's powerful work and attend this seminar."
